Docket No. 98N-1265 550 '99 APR 20 A11:23

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: After four years and 7 specialty
doctors I finally found a product that not
only changed my life and symptoms, but
saved me future medical bills that I
can not afford. Without the natural
hormones replaced, I can't hold a job because
symptoms are so severe. I'm in the health
care field! I can't get this product anywhere in
the Area.
